Gentlemen:

A preliminary determination on designation of parts of Los Alamos County as a MS4 requiring an NPDES permit was signed late Friday March 6, 2015. NMDOT would be affected for state roads running through the designated areas, so I am forwarding you e-copies of the documents (including the pre-publication Federal Register (FR) Notice) and a color version of the designation area map. The documents will be going up on our web page for proposed permit notices soon (link in the FR Notice) and the FR Notice should go out in 7-10 days and start a 30 day public comment period. A final decision would be made after considering all comments submitted during the public comment period.

Please feel free to share with the other interested folks at NMDOT. Mr. Tom Church, Cabinet Secretary of NMDOT, will be getting copied on the preliminary designation letters.

Sincerely,

Brent Larsen  
Chief, Permits and Technical Assistance Section  
NPDES Permits and TMDL Branch  
Water Quality Protection Division
